Find out why this edition is included in the APA's recommended reading list. The eight chapters in Local Planning, roughly spanning from context to applications, consists of articles written by a wide range of experts-academics, practitioners, clients, and observers of planning. Many examples of planning in action illustrate central principles.

Local Planning: Contemporary Principles and Practice ...

I highly recommend adding Local Planning: Contemporary Principles and Practice to your library. It provides the "town" to the volumes of "gown" higher education campus programming, planning, and building studies. It is a timely and informative work and an essential part of the reference library for campus facility planners.
