Since belts are a service item, timing belt service needs to be part of a good maintenance plan. We recommend that the timing belt be replaced, along with the water pump and accessory drive belts, at 90,000-100,000 miles. If the customer has budget concerns, we'll explain why we recommend the pump replacement and let them take the gamble that it will last another 100,000 miles - with the ...
