The French philosopher Henri Bergson coined the term open society in 1932. The idea was further developed during World War II by the Austrian-born British philosopher Karl Popper. Bergson describes a closed society as a closed system of law or religion. It is static, like a closed mind. Bergson suggests that if all traces of civilization were to disappear, the instincts of the closed society for including or excluding others would remain. In contrast, an open society is dynamic and inclined to m

The Open Society and Its Enemies Quotes Showing 1-30 of 93.

“The so-called paradox of freedom is the argument that freedom in the sense of absence of any constraining control must lead to very great restraint, since it makes the bully free to enslave the meek. The idea is, in a slightly different form, and with very different tendency, clearly expressed in Plato.

An ‘open society’, then, is a society characterised by institutions which make it possible to exercise the same virtues in the pragmatic pursuit of solutions to social and political problems. For Popper, these are, pretty much, the institutions characteristic of a modern liberal democracy. And, what of its ‘enemies’?
